## Key Features:

- **Audio Alert:** Loud Velcro ripping sound alerts teachers and nearby students when a pouch is being opened.
- **Visual Indicator:** Pouch is fully black when closed; bright yellow Velcro is visible when opened — easy for teachers to spot.
- **Durability & Thickness:** Unlike many other brands that feel thin and flimsy like a sock, our pouch is made from **thicker, high-quality materials** that feel sturdy in hand — providing better protection and longevity.
- **Emergency-Ready:** Quick phone access in urgent situations.
- **Teacher-Friendly:** No additional setup or training required.
- **Customizable:** ID window, school logos, and school color options (MOQ negotiable; starts at 3,000 units).
- **Test Integrity:** Full signal blocking (not just cellular) helps prevent cheating via smartwatches or messaging apps.
- **Cost-Effective:** Priced lower than major brands like Yondr, with no recurring costs or special tools needed.
