DO NOT INCLUDE ITEMS THAT ARE NOT CONSIDERED safety equipment, supplies, and related services. Unit pricing for installation (including hourly rates), repair, or maintenance should be included in submittals. Additionally, accessories to support the safety equipment, supplies, and related services should be submitted.

Proposers may elect to limit their proposals to a single service within any category, or multiple services within any or all categories. Region 13 ESC is seeking service providers that have the depth, breadth and quality of resources necessary to complete various aspects of this contract.

Respondent shall perform and provide these products and/or services under the terms of this agreement. The supplier shall assist the end user with making a determination of their individual needs.

Proposers may serve a local area only or a broader geographic area at their discretion and should indicate their limitations for a service area.

3 Payment and Pricing Terms

Respondent must provide a summary of the pricing proposed. The information is to allow for the ESC Region 13 to determine within reasonable accuracy the overall costs associated with the offerings. This summary should include ALL catalog/websites, District discounts, quantity breaks, fees, etc. Note that pricing is to be considered "not to exceed". If awarded, the respondent may be required to provide specific pricing via quote for a particular scope of work/project. Pricing shall remain constant throughout the term of the contract unless the Contractor has emailed the ESC Region 13 Procurement Department to request and has received written approval.

Unit pricing for installation (including hourly rates), repair, or maintenance should be included in submittals.

Respondent may provide pricing based on a discount from a manufacturer's price list or catalog, or fixed price, or a combination of both with defined and indefinite quantities. An Electronic Catalog, links to same, and/or availability to access the list prices should accompany the proposal if a discount off catalog is proposed. A multiple percentage discount structure is acceptable and must be specified where different percentage discounts apply. Additional pricing and/or discounts may be included. Each service proposed is to be priced separately with all eligible items identified. Region 13 ESC may award to multiple vendors.

This information will be provided as an attachment requirement outlined in **Section 5 "Response Submission Requirements"**. The respondent should be aware that, if awarded, they may have competition and the best offer presented may receive the order without discussion.

4 Terms & Conditions

Multiple Award

A Multiple Award solicitation will be made to multiple vendors during the solicitation offering period. There will not be hierarchy or tier level to the awards. There is no obligation upon or guarantee ESC Region 13 to use any particular awarded vendor during the term of the contract. ESC Region 13 reserves the right to select the awarded vendor that best meets the needs of the organization.

6 Evaluation Criteria

ESC Region 13 will award a contract to the vendor deemed to provide the BEST VALUE for the goods and services being purchased. ESC Region 13 does not award contracts solely on the basis of low price. ESC Region 13 considers the following guidelines per Texas Education Code Chapter 44.031:

 - Detailed line-item budget outlining costs to acquire vendor's goods or services
- Reputation of the vendor and of the vendor's goods or services
- **Quality of the vendor's goods or services**
- Extent to which the goods or services meet the needs of the proposal
- Vendor's past relationship with Education Service Center, school districts, charter schools or other organizations
- Compliance with applicable laws pertaining to historically underutilized businesses
- Details outlined in provided proposal rubric

The evaluation process for this solicitation will be reviewed by the appropriate staff to ensure awards are made in accordance with the requirements of the solicitation.

Upon completion of the evaluation process, selected vendors **may** be asked to present in an interview format. The presentation/interview may consist of the following:

- Information about your organization and its capacity to meet the requirements
- Description/presentation of comparable work projects
- Description of experiences supporting school districts and/or campuses
- **Information about the organization's structure and leadership, specifically team members who will work on this project.**

*For solicitations resulting in ESC Region 13 choosing a single vendor, vendors will be invited to an interview (in person or phone conference) in the event scoring results in a tie or the top vendors have a 1 point or less score differential.
