### Essay Questions:

Texas has prioritized the focus of principal as instructional leader. In response to the questions below, you'll explore how your participation and completion of PCN will support this goal for Texas leadership.

1. A) Why do you want to lead a school?  
 B) How will you as an invested leader transition into becoming a great principal?  
*Note: If you're seeking Principal certification for a leadership role supporting Campus Principals, tailor your response to address this connection.*
  
2. Leadership positions are time-consuming and full of responsibility. Training for these roles through Region 13's PCN while working full-time in your current role, as well as constant changes due to the pandemic, may feel overwhelming. How do you intend to practice effective time management and social-emotional wellness strategies in order to ensure you are successful throughout this process?
  
3. Why should you receive this PCN scholarship versus one of your peers?
