

Round 3 FAQ release July 2, 2021

RFQ #2021-02-05

District Charter School Technical Assistance and Incubation Support

Q1: The RFP states support is requested for up to 15-20 charters and the budget is \$289k for year one and then \$200k for every year. You are also looking at different providers for different areas of support. Is this the total budget for all of the support areas or for each? Also, is this per school or for all of the schools?

A1: Yes, it is the total budget for all the support areas for all vendors. It is a per charter operator amount. An operator could have multiple schools.
